### METHODIST W. S. C. S.

The Planning Committee of the Methodist Woman's Society of Christian Service of the Lynchburg District met in Lynchburg recently with the vice president, Mrs. E. M. Dawson, to arrange for programs to be held within the next few months.

S. of the Southeastern Jurisdiction (which includes all the Southeastern states) at Reveille Methodist Church, Richmond, Feb. 21 to 23. The conference will be a source of inspiration and information and many Methodist women will wish to attend.

The annual meeting of the Virginia Conference Woman's Society of Christian Service is scheduled for April 4 to 6 at Epworth Methodist Church, Norfolk. Delegates from each society are expected to attend this meeting which will close the present quadrennium and inaugurate a new one. Mrs. J. A. Berry, of Roanoke is conference president.

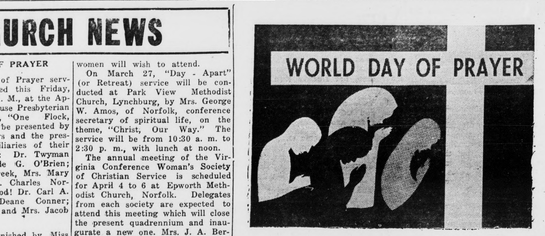
### SOUTHERN STATES REGIONAL MEETING

Approximately 61 members of Southern States Cooperative's community advisory boards, directors of affiliated cooperatives and executive service agency managers, from this region will attend a meeting in Lynchburg on February 28.

The meeting will be held at the Virginian Hotel and will begin at 7:00 P. M.

Attending the meeting from Appomattox will be: W. T. Coleman, Abbitt Coleman, LeGrande L. Webb, Richard Webb and Wilson Scruggs. Also Richard Harris of Spout Spring and Peyton Harvey, of Evergreen.



World Day of Prayer will be observed in Appomattox on Friday, February 17, at 10:30 A. M., at the Appomattox Court House Presbyterian Church.

A day of prayer begun by a small group of U. S. women seventy years ago will be marked by millions of Christians around the globe in services dedicated to world peace and understanding. On Friday, the World Day of Prayer will be observed in more than 20,000 U. S. communities and in more than 134 other countries on almost every continent and island.

At services circling the earth for more than twenty-four hours, people of all ages and races will pray in more than a thousand languages and dialects for understanding among the nations of the world. And with their prayers will go offerings of money and material goods to help relieve human need and suffering wherever it exists. In the United States alone last year, World Day of Prayer offerings provided more than $460,958 for co - operative ministries in health, education, and welfare at home and abroad.

Sponsored in the United States by United Church Women, a general department of the National Council of Churches, the program is prepared each year by an author from one of the 134 co-operating countries. This year is marked by a service written by American Indian leaders from the Cook Training School in Phoenix, Arizona. With the theme, "One flock, one shepherd," it abounds in the picturesque and expressive language of a people living close to nature, the lessons in tree and leaf, in the winds, in the sunset. Its call is from "The Mighty One, God the Lord who speaks and summons the earth from the rising of the sun to its setting," to a oneness that alone can bring peace.

### ROAD BUILDERS SEE NEED OF MORE PUBLIC SUPPORT

Miami.- Public support is essential to the development of a great national highway program, Charles M. Noble, chief engineer of the New Jersey Turnpike Authority, has declared.

In an address recently at the annual convention of the American Road Builders' Association, Noble said "it must be recognized that the voice of the engineer alone will not be sufficient to carry forward a great national highway building program on a fast schedule.

"Civic and political leaders, public officials, service clubs, chambers of commerce, all must put their shoulders to the wheel. The highway enthusiast, the booster, must be born again. There must be a rebirth of the will and spirit that built America, the enthusiasm for building up rather than tearing down. Here is a job for the political statesman, the civic leader, service club and those associations that are convinced that economic stability and well being in the United States are inevitably tied to an adequate highway system.

"When engineers have that support, and the money, they will go forward rapidly and recreate the greatest and safest highway system the world has ever known."

### ANNUAL REPORT ROBERT E. LEE SOIL CONSERVATION DISTRICT

The Robert E. Lee Soil Conservation District was organized in July 1940, under the enabling act passed by the Virginia Assembly in 1938. It is made up of Appomattox, Amherst, Buckingham, Campbell, and Cumberland Counties.

The Board of Supervisors was composed of the following members: H. P. Mays, John Cole, R. W. Gannaway, O. B. Ross and W. E. Calohan. Four regular quarterly meetings were held during the year.

Since its organization the District has attempted to reduce soil and water losses on the farm lands of the area by bringing to bear every force available to do this job. The Soil Conservation Service has made personnel available. As the years passed, the District has entered into understanding with the Virginia Forest Service, the Virginia Commission of Game and Inland Fisheries and the Virginia Department of Highways. These agencies are continually developing ways and means of increasing their support to the District's efforts and as a result a well rounded cooperative effort is gradually evolving.

Soil Conservation Service: The Soil Conservation Service is furnishing trained technicians who prepare farm plans which are drawn up into Farmer - District cooperative agreements. At the present time the District is furnished the following personnel: A. D. Williamson, Area Conservationist; Hunter Shoppe, Amherst; T. E. Dickerson and John Goin, Appomattox; Frank Hudson, Cumberland; John Harrison and Robert Hankins, Campbell, and C. W. Criss, Jr., Buckingham.

C. N. Judy, Soil Scientist, works in the five counties of the District preparing surveys for use by the other technicians. In addition to the personnel assigned on regular districts operations, J. B. Terry, who transferred from Cumberland County, is assigned to full time work on watershed.

There were 92 new cooperators in 1955 who started conservation plans. This brings the total of cooperating farmers up to 2,067, with 389,572 acres of land under conservation plan.

Eisenhower is on week's vacation in Georgia.

## News Around Town

By Mrs. Calvin Robinson

I liked this one:

In a deep South backwoods community the voters were lined up for registration. As Mandy Brown came to the desk, the registration clerk said:

"Mandy H. Brown, what party are you affiliated with?"

Mandy looked somewhat startled, "Dos I have to answer that, jedge?"

"Yes," replied the clerk.

"Well den," said Mandy, "Ah guesses Ah jest rather not vote, you see de party Ah'm 'filiated with ain't got his divose yit."

The Appomattox Chapter of the United Daughters of the Confederacy will meet this evening at 8:00 o'clock at the Appomattox High School Library. Dr. Twyman Williams will be the guest speaker, using as his subject, "The Establishment of Walkers Church." Miss Julia Asher, Historian of the Chapter, will be hostess for the meeting.

The Appomattox Town Council will hold its February meeting next Monday evening.

Hans Schmidt and Argentine Rocca, two of the top men in professional wrestling, headline a three event program at the Lynchburg City Armory Friday night. There will also be a tag team match.

The Rocca - Schmidt match is a best of three falls affair, with a 60-minute time limit. The tag team match will pit Red Bastien and Jim La Rock against Ali Pascha and Frank Taylor. In a single fall match Leo Wallick will meet Harry Lewis.

Driving through the South recently, we were impressed with what has been with U. S. Route 29 in most of South Carolina and in the southern half of North Carolina. Up to Greensboro, from the Georgia line area, Route 29 reminds one of the Shirley Highway entrance to Washington, only, if anything, it is even better. From Greensboro north it is just another road, although there is some evidence of further construction. I am of the opinion that the cause of highway safety is aided by modern roads.

It is about time to start walking around in the gardens to see what bulbs are showing signs of life.
